MANAGEMENT**

HUMAN CAPITAL DEVELOPMENT AND MANAGEMENT

PetroDIAC over the years acquired exceptional capabilities to deliver complete Organizational solutions to support the human element in the Operational Excellence programs.

Organization Development and Business Process Design

PetroDIAC implements OD intervention initiatives and transformation, organizational design, staffing analysis and optimization in order to align systems, processes and structure to achieve the vision, mission and strategic objectives of Client.

- Develop organizational design and development strategies
- Implement development tools
- Evaluate existing business systems
- Assist in developing project proposals and plans
- Analyze competency model

Organization Effectiveness Matrix and KPI Design

PetroDIAC understands that measures of effectiveness vary, depending upon environmental context, nature of work, product or service it produced, and customer demands.

- Achieve organizational mission -
- Adaptation to organizational and technological change -
- Developing partnerships and alliances -
- Operational efficiency -
- Image and branding -

A black and white photograph of a business meeting. Several people are seated around a table, looking at documents and a tablet. One person is pointing at a document. The image is partially obscured by a red banner at the bottom.

HUMAN CAPITAL DEVELOPMENT AND MANAGEMENT

Job Profiling and Job Description Development

Our Talent Management Process is tailored to specific circumstances by adding additional elements or by simplifying and dropping elements depending on the needs of the organization.

- Job's responsibilities
- Experience and skills needed
- Education and credentials required
- Job physical demands and work environment
- Reporting assignment
- Pay range information

Competency Based Assessment and Development Programs

A combination of self-assessment, testing, and individual interviews by PetroDIAC technical experts and qualified assessors using a proven, scalable, multi-step process.

- Plan and manage the assessment process
- Ensure evidence is relevant, valid, authentic, reliable, current and sufficient
- Record assessment decisions

HUMAN CAPITAL DEVELOPMENT AND MANAGEMENT

Operator Training and Certification Program Development

PetroDIAC offers a variety of practical, industry-focused courses that vary in length, location and delivery method, depending on Client needs.

- Monitor the facilities in compliance with Safety and Environmental rules
- Safely perform all routine operations related to operator duties, as well as the key non-routine ones
- Identify equipment deficiencies, explain their root causes, and take appropriate action
- Communicate effectively with their colleagues

Training Materials Development

PetroDIAC works strategically with our partners and customers to ensure we are up-to-date in our teaching and learning methods and technology, and provide an excellent and safe work environment, and training facilities.

Operation Excellence Training and Mentorship Programs

A curriculum based on operations excellence themes and advanced training offered by our operations experts, who have extensive experience in operations in the oil and gas industry.

A black and white photograph of a business meeting. Several people are seated around a table, looking at documents and a tablet. One person is pointing at a document. The scene is dimly lit, with the focus on the hands and documents. The text 'HUMAN CAPITAL DEVELOPMENT AND MANAGEMENT' is overlaid on the left side of the image in a bold, red and white font.

HUMAN CAPITAL DEVELOPMENT AND MANAGEMENT
